HITCHCOCK PLAN FAILS

Public to Get Preference in Subscribing to Federal Reserve Stock.

uttee on Banking and Currency by a f 7 to 4 rejected to-day a resolution sing the capital stock of the Federal serve associations at \$100,000,000, and the control of the distribution of stock among the regional reserve ociations in the Federal reserve board

The four Senators who voted for Sena-Hitchcock's proposal were Mr. Hitch-Bristow, Senator Nelson and Senator McLean. Senator Weeks was absent. All of the other Democrats and one Republican, Senator Crawford, voted against Mr. Hitchcock's plan.

The vote was taken late in the aftereen after a day of discussion, which was

e invited to subscribe to the stock up to the limit of the entire issue, the banks being required to underwrite the thre issue and to take so much of the class room, vague murmurings broke out and Dr. Conrad called out sharply for order.

SMALL BUDGET DUE TO STUDY.

Better Knowledge of City's Needs Said to Have Effected Saving.

The small increase in the budget for 1914, which is only \$284,110 more than the appropriations for 1913, and which provides for a decrease in the tax rate, 1.77 as against 1.81 in 1913, is said to be due to increased sources of information for the Board of Estimate to work upon. The total for 1914 is \$192,995,551.

The Board of Education gets an increase in allowance of \$3,000,000, so the other departments had to yield \$2,715,890.

The reason the Board of Education was able to get such a large increase is said able to get such a large increase is said to be that, contrary to the custom of other years, the Board of Education this year furnished full information on educa tional needs and consequently the Board of Estimate was able to understand way of Estimate was able to understand way such a large increase was demanded. The increase to the Board of Education is the largest since consolidation except in 1912, when the equal pay for teachers law went into effect and caused an increase of \$4.842.000. These are the increases to the Board of Education in the last five years: 1910, \$1.108.000; 1911, \$429.000; 1912, \$4.842.000; 1913, \$1,357.000, and 1914, \$3.000.000.

and 1914, \$3,000,000.

None of the cuts in allowance is large. The Board of Estimate cut a few thousand here and a few thousand there and was almost able to effect enough savings in the other departments to pay for the increase to the Board of Education.
